

GMVEMSC PROTOCOL Standing Orders Administrative Waiver

This waiver is to be used for those individuals who are required to maintain an EMS certification but DO NOT perform direct patient care as part of their normal day to day activities. Because the individual will not be taking the GMVEMSC Standing Orders tests, s/he will not be permitted to access the GMVEMSC drug bag or perform under said orders. This form must be completed annually. If, for any reason and at any time, emergency response and patient care becomes a part of this individual's duties, s/he will be required to pass GMVEMSC Standing Orders testing in order to access the GMVEMSC drug bag and operate under said orders.

Name, certification level, & department title
of individual to be waived (please print)

Date

Department Name (only 1 department per form)*

Chief's name (please print)
