State EOC Status: **Full Activation**

This report communicates State EOC activity over the previous Operational Period.

Dissemination: Daily, 8:00 AM

Information Cutoff Time: 12:00 AM

Executive Summary

ODH-confirmed COVID-19 cases, hospitalizations, and deaths continued to trend upward. According to ODH, 1,612 (+119) of the 5,512 (+364) confirmed cases are currently hospitalized. The five-day average of those hospitalized being admitted to the Intensive Care Unit is 34 per day.

Medical surge needs continue to be assessed within the context of the recently updated ODH case per day forecast. Support continues to be provided to critical populations such as those in long-term care facilities and incarcerated residents.

State EOC Workgroups continue to plan and support County EMA medical surge needs, to include increasing medical and mortuary service capacity, addressing personal protective equipment needs, quarantine, and congregate care needs.
