State EOC Status: **Full Activation**

This report communicates State EOC activity over the previous Operational Period.

Dissemination: Daily, 8:00 AM

Information Cutoff Time: 12:00 AM

### Executive Summary

Over the past 24 hours, total cases (+806) fell below the five-day average, however, ICU admissions (+40), hospitalizations (+126), and total deaths (+48) were all above the five-day average. 2,779 of the 13,725 total cases have been hospitalized.

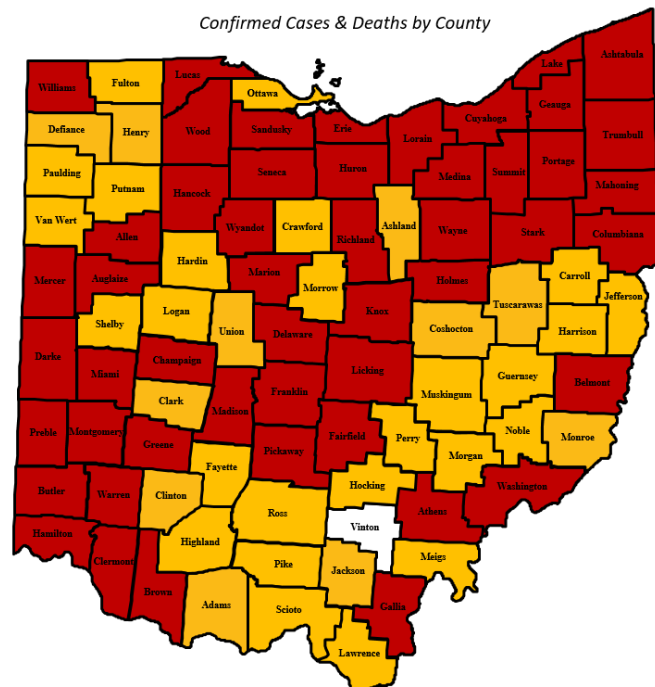

The State EOC continued to identify, monitor, and respond to COVID-19 hot spots, with a strong focus on Long Term Care facilities and incarcerated populations. State-acquired PPE was distributed to three counties in which COVID-19 hotspots have been identified. Solutions to ODRC staffing impacts are being planned and addressed by EOC Emergency Support Functions.

FEMA continues to respond to one outstanding request made by the State of Ohio for PPE.

## State EOC Objectives

1. Prevent, identify, mitigate and respond to COVID-19 hot spots.
2. Coordinate the State's response to limit spread of COVID-19 and maintain medical care.
3. Provide timely, clear, and consistent messaging to the public, stakeholders and media on the status of COVID-19 and actions the public can take to keep themselves safe.
4. Determine how state agencies will continue delivery of essential services to Ohioans while following COVID-19 public health guidelines.
5. Purchase 1,000,000 sets of PPE weekly until the surge occurs.
6. Identify supply bottlenecks that threaten community lifelines and tools the state can provide to improve the supply situation.
7. Determine what emergency authorities and programs are now available through the National Emergency and Public Health Emergency declarations.

### *Status Update:*

- Zone 1 (Northwest, Northeast, Northeast Central)

ESF-8 | Public Health (cont.)

- Many hospitals are offering testing to healthcare workers and first responders through drive-through testing sites. Hospitals are continuing to communicate regularly with local partners such as local public health, emergency management, and long-term care facilities.
- Supported Zone 1 and Region 2 calls. Gathering LDH primary POC information to share with hospitals in their jurisdiction for support of congregate initiative.
- St. Elizabeth Youngstown Hospital is reporting 47 confirmed COVID patients, which is the largest count in the region today. All hospitals are reporting lower than normal ED volume.
  
- Zone 2 ( Central, Southeast, Southeast Central)
  - Participated on the Governor's Call yesterday. OSU continues to have >90 inmates admitted. Worked throughout the day planning a strategy for the Hospital Community Collaboration plan; with coalitions that are already in place.
  - Hosted the SE/SEC Region Hospital Touchpoint call. Shared information from the Ohio Department of Medicaid regarding Healthcare Isolation Centers and coordinated efforts from the hospitals to develop local coalitions. The SE/SEC Region already has local healthcare coalitions which include hospitals, local public health, EMA, EMS, and many non-hospital partners (i.e. SNFs, Home Health, Hospice, Dialysis Centers, in the region and will continue using this model with the hospital as the lead and just expand outreach to congregate care centers not included in the local healthcare coalitions.
  
- Zone 3 (West Central, Southwest)
  - Participated in the Hospital Community Collaboration next steps webinar. Questions from Hospitals concerning new request for data from FEMA. Email sent to Ryan Everett about the request. Indicated OHA and ODH had been working with FEMA on this request most of the day.
  - Gather and report data as requested for the Ohio Department of Health.
  - Task force determined SW region will begin updating bed availability on surgenet every 4 hours 24/7 beginning 4/4/20. Assisting with Surge Net access requests from hospitals, rehab facilities, transportation workgroup and EMS when requested.
  - Continued to refine number of additional med/surg and critical care beds in hospitals. Will use this information to determine when thresholds are met to move to next level of surge.
  - Task Force/Steering Committee Update.
  - Task Force meetings reduced to M, W, F until daily meetings are necessary.

ESF-8 | Public Health (cont.)

- A draft of the surge escalation thresholds & trigger events was created. Being reviewed by committee(s).
- Local public health departments and FQHC reported on testing status in region.
- Additional operational workgroups: Data, Supply Chain, PIO, SNF, Outlying/Specialty Hospitals, Vulnerable Populations, Transportation, Clinical Protocols, ACS (Duke and Liberty), Psychiatry, Crisis Standards of Care The Health Collaborative leveraging staff resources for project management and support of work groups.
