State EOC Status: **Full Activation**

This report communicates State EOC activity over the previous Operational Period.

Dissemination: Daily, 8:00 AM

Information Cutoff Time: 12:00 AM

Executive Summary

Over the past 24 hours, total new cases (+607) were below the 21-day average. Hospitalizations (+96), ICU admissions (+28) and deaths (+90) were all above their respective 21-day averages. 4,052 of the 21,576 total cases have been hospitalized over the course of this incident.

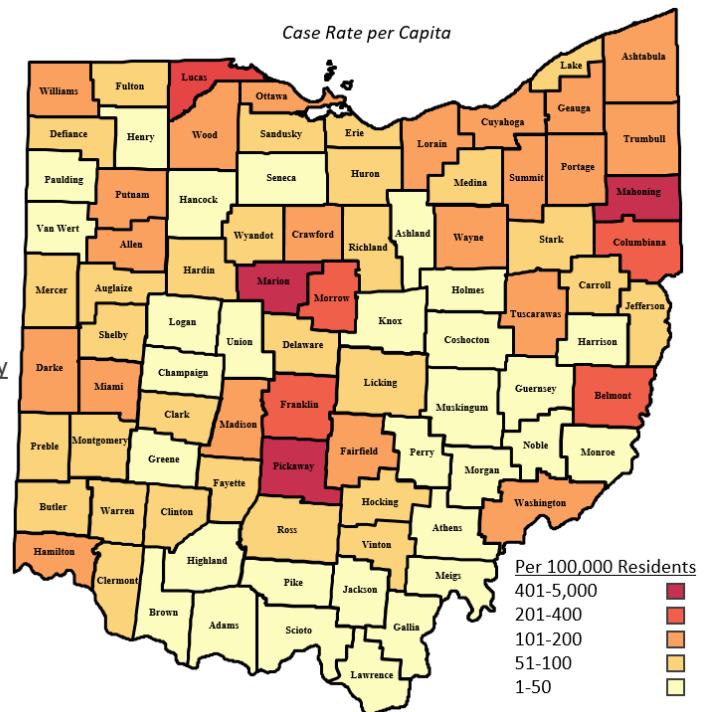

Current models show current medical capacity capable of handling COVID-19 caused stressors. PPE was distributed to each of Ohio's counties on May 6th. Efforts continued to prevent hot spots through identification and response of potential locations of concern across clinical zones. Opportunities to procure the most needed PPE types continued. Appropriate cloth mask distribution to critical infrastructure was also planned.
