State EOC Status: **Full Activation**

This report communicates State EOC activity over the previous Operational Period.

Dissemination: Daily, 8:00 AM

Information Cutoff Time: 12:00 AM

Executive Summary

Over the past 24 hours, 473 total new cases (25,250) was below the 21-day average. 126 hospitalizations (4,539) and 79 deaths (1,436) were above the 21-day averages. ICU Admissions (1,232) were below the 21-day averages. 4,539 of the 25,250 total cases have been hospitalized over the course of this incident.

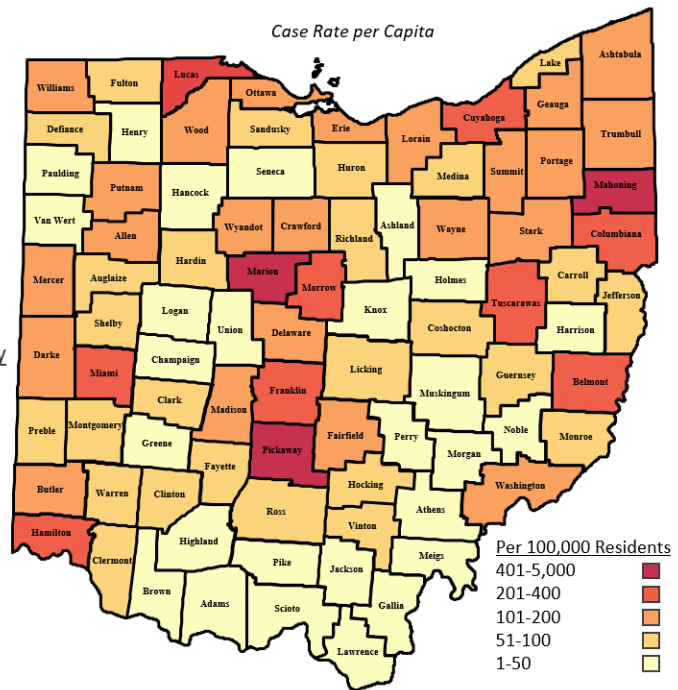

Hot spot prevention and identification will remain one of the EOC's top objectives for the course of the upcoming week. Continued assessment of reopening efforts against COVID-19 spread status is ongoing.

Cascading effects continue to be monitored and identified; Ohio pork producers' processing options were bolstered by the recent re-opening of two Indiana plants (operating at 50% capacity).
