## World Health Organization Update:

### Highlights

---

WHO launched a **checklist to support prison administrators and policy-makers** for rapid and effective response to COVID-19.

---

WHO is supporting several African countries to coordinate and **reinforce the work of emergency medical teams (EMTs)** deployed to support the efforts to contain the spread of COVID-19 pandemic.

---

The WHO Regional Director for Europe, Dr. Hans Henri P. Kluge stated **his concern about the increase in interpersonal violence during COVID-19**, and emphasized that “violence is preventable, not inevitable”.

---

At the **third meeting of the International Health Regulations (IHR) (2005) Emergency Committee for COVID-19**, the WHO Director-General reaffirmed that the outbreak of COVID-19 continues to constitute a public health emergency of international concern and issued the Committee’s advice to States Parties as Temporary Recommendations under the IHR. See ‘**Subject in Focus**’ below.

---

Today we celebrate the **40th anniversary of the Declaration of Smallpox Eradication** by the 33rd World Health Assembly. In the ‘**Subject in Focus**’ below, we look at how the global community came together to eradicate one of the most feared diseases of all time and how we can learn from this experience to fight COVID-19 today.

Coronavirus

## Current Objectives:

1. Limit the spread of disease within Montgomery County.
2. Continue to monitor the situation in conjunction with the Ohio Department of Health and the Centers for Disease Control and Prevention.
3. Continue information sharing with partners.
4. Continue to provide information to the media and the public through interviews, social media and our website.

## Long-term Planning Considerations:

Continued monitoring and maintaining surveillance locally.

## Epidemiology Syndromic Surveillance Summary:

Below are links to both the CDC and WHO regarding the latest information.
