- Nursing homes are projected to receive their direct delivery of PPE from the SNS this week between May 28 and 31, 2020.
- If you wish to learn how to make your own homemade masks go to the following link: https://youtu.be/c0zOVbE0_FU
- The Public Health COVID-19 informational phone line remains open Monday through Friday to answer general questions. The info line is 937-225-6217.
- The Montgomery County EOC has closed, however the EMA can be reached at 937-225-6316. Requests can still be made for PPE at <https://surveys.phdmc.org/s3/COVID-19-EOC-Resource-Request>
- ODH information line remains open, the number is 1-833-4-ASK-ODH and is open seven days a week.
- Public Health continues to monitor all sources (ODH, CDC, WHO, European Center for Disease and Prevention and Control (ECOC) for the latest information.
- Public Health maintains its one-week operational period for this response.
- Public Health will continue to share the situational report with other local health departments, Montgomery County Emergency Management, Greater Dayton Area Hospital Association and Dayton Metropolitan Medical Response System partners.
- **MOST IMPORTANT MESSAGE OF THE DAY: DO EVERYTHING YOU CAN TO CONSERVE PERSONAL PROTECTIVE EQUIPMENT (PPE).**

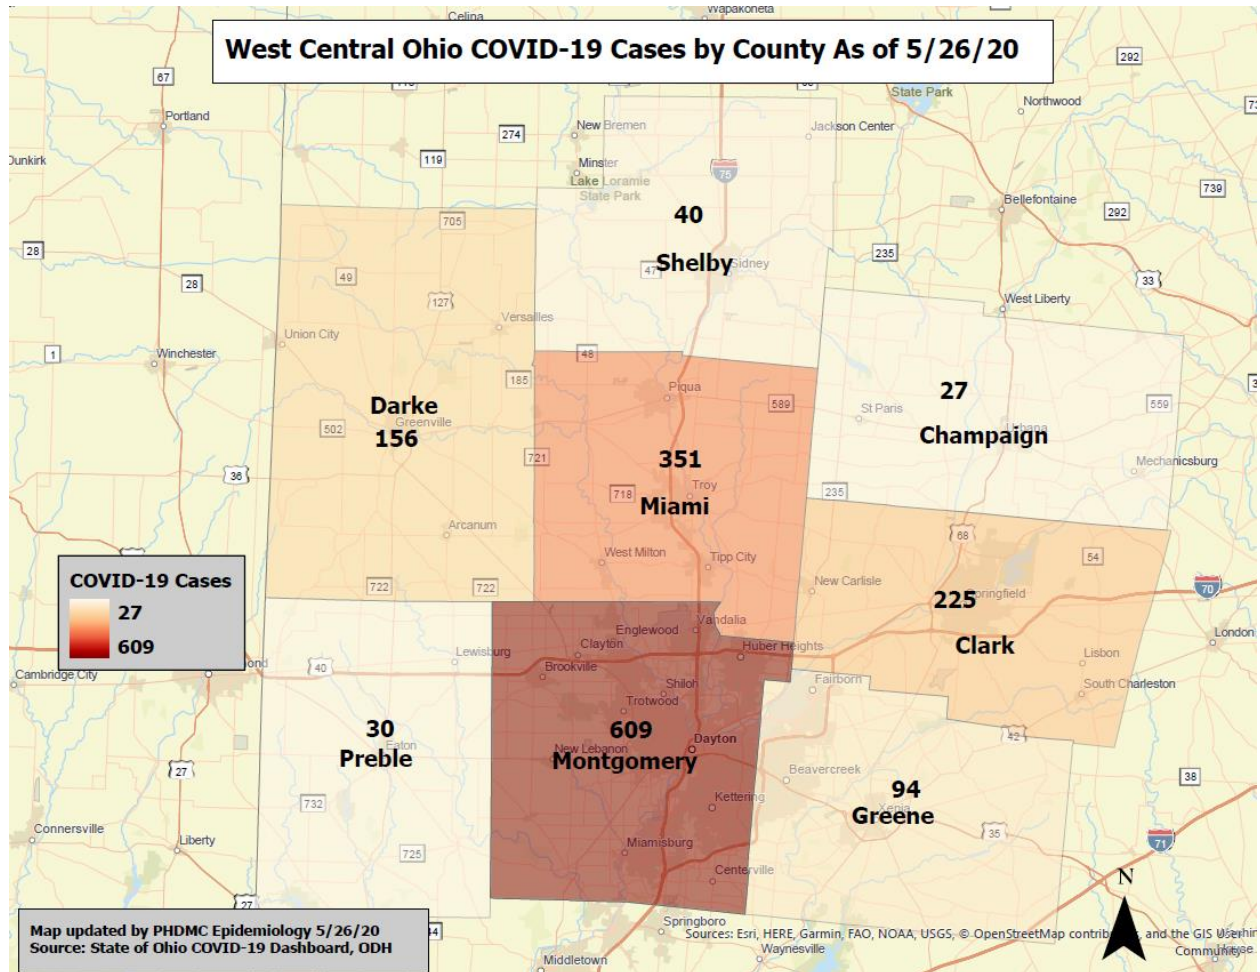

COVID-19 Situation Report

Coronavirus

Regional Breakdown of cases:

CDC Update (Situation in the US):

CDC is closely monitoring an outbreak of respiratory illness caused by a novel (new) coronavirus named COVID-19. The outbreak first started in Wuhan, China, but cases have been identified in a growing number of other [international locations](#), including the United States. CDC will update the following U.S. map daily. Information regarding the number of people under investigation will be updated daily.

CDC Response Updates:

COVID-19 Situation Report

Coronavirus

Level 3 Travel Health Notice: Widespread ongoing transmission with restrictions on entry to the United States

CDC recommends that travelers avoid all nonessential travel to the following destinations. Most foreign nationals who have been in one of these countries during the previous 14 days will not be allowed to enter the United States.

- [China](#)
- [Iran](#)
- [Most European Countries](#)
- [United Kingdom and Ireland](#)

Level 3 Travel Health Notice: Widespread ongoing transmission without restrictions on entry to the United States

CDC recommends that travelers avoid all nonessential travel to all global destinations:

- [Global Pandemic Notice](#)

Level 2 Travel Health Notice: Ongoing community transmission

CDC recommends that older adults and people of any age with serious chronic medical conditions should consider postponing nonessential travel to most global destinations.

Level 1 Travel Health Notice: Limited community transmission

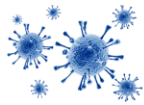

CDC recommends travelers practice usual health precautions recommended for their destination.

World Health Organization Update:

The WHO Regional Office for Africa has provided training for Tanzanian health workers to equip them with skills for caring for critically ill COVID-19 patients. A total of 160 health workers in Tanzania attended a three-day virtual training session organized by the Ministry of Health and the World Health Organization.

The United Kingdom will contribute \$3.8m for the COVID-19 response in the Caribbean. The financial contribution to the WHO Regional Office for the Americas will help Antigua and Barbuda, Belize, Dominica, Grenada, Guyana, Jamaica, Saint Lucia, and Saint Vincent and the Grenadines contain the spread of the disease and mitigate its impact.

WHO has partnered with Vital Strategies and other global partners to launch a new technical package: Revealing the Toll of COVID-19: A Technical Package for Rapid Mortality Surveillance and Epidemic Response. This is a technical package for rapid mortality surveillance and epidemic response to support national governments with surveillance and response planning surrounding COVID-19.

COVID-19 Situation Report

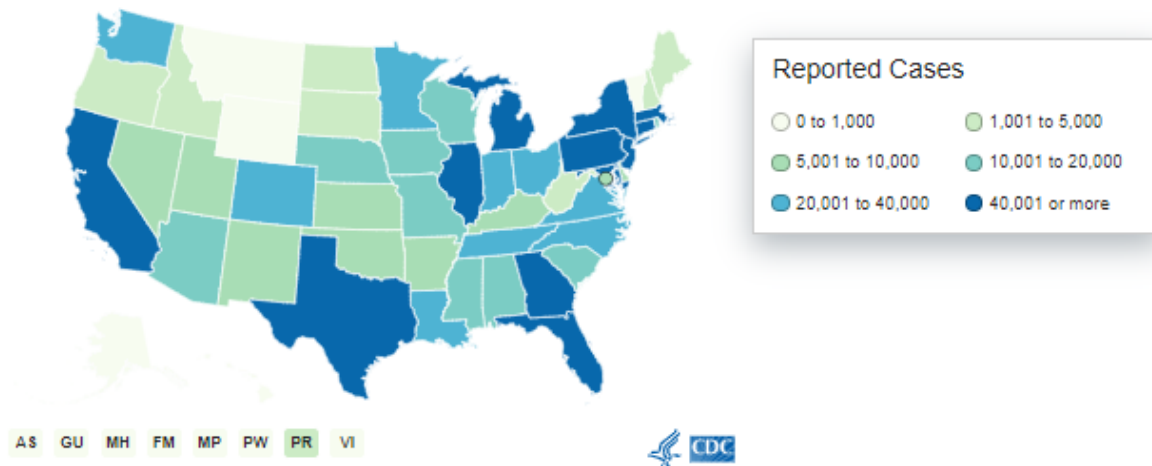

Coronavirus

Cases & Deaths by State

30 states report more than 10,000 cases of COVID-19.

This map shows COVID-19 cases and deaths reported by U.S. states, the District of Columbia, and other U.S.-affiliated jurisdictions. Hover over the map to see the number of cases and deaths reported in each jurisdiction. To go to a jurisdiction's health department website, click on the jurisdiction on the map.

New Cases by Day

The following chart shows the number of new cases of COVID-19 reported by day in the U.S. since the beginning of the outbreak.

COVID-19 Situation Report

Coronavirus

Current Objectives:

1. Limit the spread of disease within Montgomery County.
2. Continue to monitor the situation in conjunction with the Ohio Department of Health and the Centers for Disease Control and Prevention.
3. Continue information sharing with partners.
4. Continue to provide information to the media and the public through interviews, social media and our website.

Long-term Planning Considerations:

Continued monitoring and maintaining surveillance locally.

Epidemiology Syndromic Surveillance Summary:
