State EOC Status: **Full Activation**

This report communicates State EOC activity over the previous Operational Period.

Dissemination: Daily, 8:00 AM

Information Cutoff Time: 12:00 AM

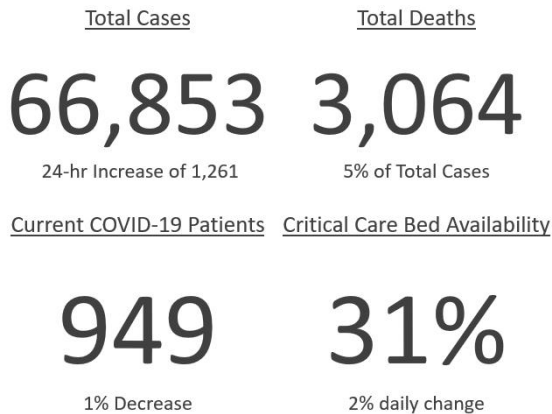

### Executive Summary

Over the past 24 hours, the Ohio Department of Health reported 1,261 (66,853) total new cases was above the 21-day average. 73 (8,915) hospitalizations, 6 (3,064) deaths, and 16 (2,201) ICU Admissions were below their respective 21-day averages.

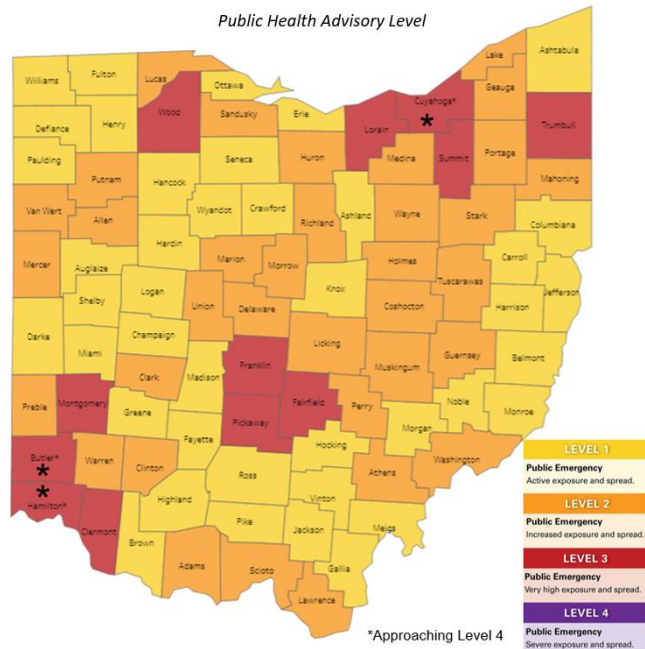

In the last 24 hours, ODH has identified an outbreak underway at the Lorain/Medina Community Based Correctional Facility in Lorain County. The facility has activated its COVID-19 response plan and tested all detainees. The outbreak could result in greater staffing issues depending on the duration and/or size - resulting in a need for outside assistance.

Warehouse capacity continues to be monitored as inbound supplies increase. State stockpiling and storage strategies continue to be developed through ESF-7 and the State EOC Unified Command.

### Key Indicators

- COVID-19 numbers provided by ODH daily at 2:00 PM

## 8 | Public Health

- Ohio Department of Health

*Actions Taken:*

- During this operational period ESF-8 Desk has initiated one (1) mission request today with State partners.

- To promote internal response coordination, ODH has implemented a formalized National Incident Management System (NIMS)-process to manage incident responsibilities assigned to the agency. Day-to-day engagements with ESF #8 will remain the same, but additional ODH staff may be integrated into incident response activities. For this initial phase, Gene Phillips and Alicia Leatherman have been assigned to lead the agency as members of the Unified Department Coordination Group.
- ODH has established 17 objectives for this operational period. For awareness the top five of these objectives are:
  - Priority Objective 1 Conduct surveillance to identify individual cases and outbreaks.
  - 2 Develop & implement a comprehensive messaging strategy for the prevention of COVID-19.
  - 3 Conduct laboratory testing and operations and determine the engagement that is required from ODH to support COVID-19 testing statewide.
  - 4 Carry out resource missions at the RSS to meet daily needs.
  - 5 Establish a robust resource pool and deployment process for contact tracing. The top five of objectives reflect the command emphasis for Surveillance, Public Health Messaging, Testing, Resource Support & Warehousing, Contact Tracing.
- These key activities will support the execution of a mitigation strategy that embraces personnel safety and promotes coordination within ODH and across state enterprise.
- Mass Fatality representatives will be assessing a location July 14th for a new zone 2 attentive care site. Based on new HHS guidance and distribution methodology, Ohio has been allocated 55 cases of remdesivir.
- ODH will work with clinical partners to further allocate this supply to Ohio hospitals. Hospitals may purchase medications up to their allocated amounts, and the product will be directly shipped to the hospital.
- ODH would like to thank our State EOC partners, especially the Ohio State Highway Patrol, who distributed remdesivir in the previous rounds of allocations.

*Planned Actions:*

- ODH continues to collaborate on daily RFIs and planning efforts with federal and state stakeholders and ESF-8 partners to provide guidance and direct information.
